Statement of intent

1. Legal framework
2. Definitions
3. Roles and responsibilities
4. Appropriate procedures
5. Implementing procedures
6. RUN HIDE TELL
7. Communication during an incident
8. Personal Emergency Evacuation Plan (PEEP)
9. Actions following incidents
10. Conducting practises
11. Monitoring and review

Statement of intent

The safety of pupils, staff members and visitors on the premises is paramount and Lumen Academy takes its duty to protect the wellbeing and welfare of these people very seriously.

The main priority is to prevent an emergency from occurring in the setting; however, this is sometimes, unfortunately, out of the hands of the academy. In an emergency, staff members at the academy will endeavour to take all reasonable actions in order to ensure the safety of pupils and visitors.

The procedures outlined in this policy aim to minimise disruption to the learning environment whilst ensuring the safety of all pupils, staff members and visitors.

This policy will be implemented alongside the academy's Emergency Plan.

1. Legal framework

This policy has due regard to all relevant legislation and statutory guidance including, but not limited to, the following:

- Health and Safety at Work etc. Act 1974
- The Management of Health and Safety at Work Regulations 1999
- The Regulatory Reform (Fire Safety) Order 2005
- DfE 'Fire safety in new and existing academy buildings'
- DfE 'Academy and college security'
- DfE 'Health and safety: responsibilities and duties for academy's
- DfE 'Emergency planning and response for education, childcare, and children's social care settings'
- DfE 'Protective security and preparedness for education settings'
- The Counter Terrorism (Protection of Premises) Act 2025

2. Definitions

The term '**evacuation**' refers to the orderly removal of everyone from the academy building; this can be as a result of a fire or other incident within the building.

The term '**invacuation**' refers to keeping everyone inside the academy building to ensure their safety from an internal or external incident which has the potential to pose a threat to their safety and wellbeing, e.g. toxic fumes in the air.

The term '**lockdown**' refers to the procedure of locking external doors and windows before taking immediate shelter in a secure location. This procedure is typically invoked as a response to a security threat.

3. Roles and responsibilities

The principal will be responsible for:

- Ensuring the academy meets its responsibility to keep all pupils, staff and visitors safe.
- Familiarising itself with the academy's protective security and preparedness plans.
- Monitoring the overall implementation of this policy.
- Reviewing this policy, in conjunction with the health and safety coordinator, to ensure its effectiveness.
- Promoting the safety and wellbeing of pupils and staff members.
- Appointing a competent member of staff to lead on academy security and the procedures outlined in this policy.
- Ensuring effective and rehearsed emergency procedures are in place at the academy.
- Ensuring all staff members are aware of this policy and receive training on the procedures.

- Ensuring all staff receive training following any changes to the academy's emergency procedures.
- Appointing a security lead who will also act as the incident lead when incidents occur.
- Organising security preparedness and awareness training, including training on the RUN HIDE TELL principles.

The security lead will be responsible for:

- Coordinating and overseeing the academy's protective security and preparedness work.
- Developing and maintaining policies and plans which promote a good security culture and deter someone intending to cause harm.
- Determining how staff should respond effectively to incidents.
- Ensuring all staff members are aware of their roles and responsibilities in relation to protective security and preparedness and receive appropriate training.
- Liaising with external agencies, e.g. the police and emergency services, to ensure effective communication and collaboration.
- Managing and delegating the response to an incident.
- Working as the incident lead in response to incidents.

The incident lead and incident lead deputies will be responsible for:

- Leading the initial response to an incident.
- Liaising with the police to incorporate their advice into an overall response.
- Making fast, clear decisions under pressure.
- Responding appropriately to any safety concerns.
- Communicating with parents about incidents.
- Leading any responses to media interest.
- Managing resources effectively, including consideration for the wellbeing of staff, pupils and families.

All staff members are responsible for:

- Ensuring the safety and wellbeing of pupils during an incident.
- Participating in protective security awareness and preparedness training as part of organised CPD.
- Being vigilant and reporting any suspicious activity to the security lead or appropriate authorities.
- Supporting the security lead in implementing and maintaining plans.
- Being familiar with all incident response plans.
- Providing additional support to those who are particularly vulnerable.
- Being prepared to follow emergency procedures in the event of an incident.
- Their own safety during an incident whilst listening to instructions from the incident lead and emergency services.

- Acting in accordance with this policy and associated procedures where required.
Jav Malik will be responsible for informing and seeking advice from the relevant external services, such as the police, in the event of an emergency.
Jav Malik will also be responsible for ensuring that emergency exits and evacuation points are clearly signposted.
Academy office staff will be responsible for:
- Providing the emergency services with copies of the academy's site plan.
- Ensuring that all contractors or external services working within the academy are supplied with a copy of the academy's emergency procedures.
- Continuously monitoring any emergency situations and keeping both the emergency services and fellow colleagues up-to-date.

4. Appropriate procedures

The principal and security lead will develop a plan to decide which emergency procedure would be implemented under different circumstances.

When developing procedures, pupils and their specific needs will be considered to inform the most appropriate way to convey safety messages in a positive, age-appropriate and reassuring manner.

The evacuation procedure will be implemented in the following circumstances:

- **Fire in the academy**
- **Dangerous structural damage to the academy where it is safe to exit the premises**
- **Bomb threat within the academy**

The invacuation procedures will be implemented in the following circumstances:

- **A bomb threat near the academy**
- **Chemical spillages near the academy**
- **Toxic fumes near the academy**

The partial lockdown procedure will be implemented in the following circumstances:

- **A civil disturbance in the local community with the potential to pose a risk to the academy**

The full lockdown procedure will be implemented in the following circumstances:

- **An intruder on the academy site**

Where a lockdown is required, either a partial lockdown or full lockdown procedure will be implemented, depending on the circumstances. The headteacher will take all factors into consideration when deciding whether to partially or fully lock down the academy. Where possible, advice will be sought from the emergency services.

The above lists are not exhaustive and if a different incident occurs, the principal and security lead will make a decision on what procedure should be implemented taking into account the circumstances of the situation.

5. Implementing procedures

When an incident occurs, the principal and incident lead will make a decision on which emergency procedure should be implemented. They will take account of all the circumstances and seek advice from the emergency services where necessary.

The academy will implement one of the following procedures depending on the circumstances:

- Evacuation Procedure
- Invacuation Procedure
- Partial Lockdown Procedure
- Full Lockdown Procedure

All of these procedures are made available to staff and visitors via the academy office. The academy is mandated to have lockdown procedures in place to protect pupils and staff from potential threats. The key elements of the academy's lockdown procedures are:

- Regular Drills
- Staff Training
- Security Plans
- Communication to pupils and parents
- Lockdown Procedure Templates
- Emergency Planning
- Legal Requirements

In line with the Counter Terrorism (Protection of Premises) Act 2025, the academy will consider and plan its response to a terrorist attack. As an educational setting, the academy falls under the Standard Tier, which places a duty to implement proportionate protective measures regardless of capacity.

The academy will ensure that emergency plans for terror-related threats are fully documented, clearly communicated to staff, and ready to be deployed without delay. The aim of this will be to ensure that all staff are prepared to respond effectively under

pressure—for example, by knowing how to initiate a lockdown, trigger an evacuation, and access a reliable system to notify all staff and pupils immediately.

National Emergency Alerts system

The government's Emergency Alerts system was launched in 2023. academys' should include processes for responding to these alerts in their emergency procedures.

The academy will ensure at least one academy-owned mobile device is compatible with receiving alerts from the national Emergency Alerts system. This device will always be switched on and will be in possession of a member of staff at all times.

If an alert via the national Emergency Alerts system is received, the principal will be alerted as soon as possible. The principal and security lead will check the current alerts online to ensure the alert is genuine where necessary.

The relevant emergency procedure will be implemented depending on the nature of the danger.

6. RUN HIDE TELL

All staff will be able to make informed choices when faced with a terrorist incident. Staff members will receive training on – and familiarise themselves with – the RUN HIDE TELL principles, and will use these principles in conjunction with their knowledge of the academy site.

For pupils and staff members with SEND, the academy will adjust the generic plan to consider the impact of disability and plan holding areas if necessary.

When following the HIDE principles, the incident lead will also activate the academy's lockdown procedures.

7. Communicating during an incident

Communication methods will be planned in advance of incidents, including any code words or signals that may need to be used.

When managing an incident, the academy will ensure that procedures are in place to coordinate with staff and those directly involved in the incident, parents, the police and other emergency responders. The academy will also plan how it will communicate incidents to the local community and in response to interest from the public and media.

The incident lead will consider how best to communicate to staff and pupils, and will provide clear and concise instructions.

When alerting a threat across the academy, the first alert will:

- Be quick to activate.
- Reach the people who need to know.
- Be easily activated by any staff member from various locations.
- Not provide any information on the locations of people on site.
- Not increase the risk of harm to the person who activates the alert.

The communications method used during an incident will:

- Be silent and invisible to someone intending to cause harm.
- Enable two-way communication, both with the incident lead and other staff members.
- Be portable and not dependant on Wi-Fi and wired connections.

When communicating with the police, call handlers will give the police and other emergency responders as much information as possible and cooperate with their instructions.

8. Communication with parents

The academy will promptly communicate to parents about incidents to reassure them that the situation is being handled. Parents will be instructed to stay away from the academy site whilst the incident is ongoing.

Arrangements and information regarding the academy's invacuation, lockdown and evacuation procedures will be routinely shared with parents via a secure communication method, e.g. a letter home. The academy will be mindful to not share information regarding the academy's procedures in a way that would mean third parties unrelated to the academy would be able to access them.

In the event of any of the procedures taking place due to a real emergency, parents will be informed of any developments as soon as is practicable via emails.

Parents will be informed not to call or come to the academy as this could interfere with the work of the emergency services and may result in putting themselves and others in danger. The academy will contact parents when it is safe for them to collect their child.

Whilst talking to parents, the academy will reassure them that they understand their concern for their child's welfare, and that the academy is doing everything possible to ensure the safety and wellbeing of all pupils.

A selection of holding statements will be prepared in advance of an incident to be ready for issue dependent on the type of incident taking place.

9. Personal Emergency Evacuation Plan (PEEP)

Where a member of staff, pupil or visitor has a disability which may result in them needing help in evacuating the premises, a PEEP will be put in place.

The purpose of a PEEP is to enable the academy to implement effective arrangements to ensure that everyone can evacuate the building in an emergency, should one arise.

These plans will ensure that no one is discriminated against, or treated less favourably, in the event of an emergency.

A PEEP will identify the following:

- Any specific needs of the individual
- Responsibilities of staff members
- Specific evacuation routes, where applicable
- Refuge areas
- Any specific evacuation procedure requirements

Where possible, pupils with PEEPs in place will exit the premises using the same route as the rest of their class, unless otherwise stated within their plan.

For pupils with PEEPs in place, the academy will also ensure that personal emergency response plans are made for all other security and safety related incidents.

PEEPs will be reviewed on an annual basis in order to ensure that the most up-to-date information is available. When there is a change in the individual's health, a change of procedure, or an alteration made to the premises, their PEEP will be reviewed and amended to reflect these changes. The individual, for whom the plan is for, will be consulted at each review, alongside any specified staff members.

10. Actions following incidents

The academy's plans will be amended appropriately to consider the emotional and mental impact on pupils, parents and staff members following an incident. The academy will also consider introducing a strategy that monitors pupils and staff who are primarily affected by the incident.

The academy will conduct post-incident evaluations and hold a full debrief where feedback is obtained from all the key people involved. The academy will use these post-incident actions to inform what measures need to be taken to support victims and learn from anything that could have been improved should such an incident occur again.

In time, the academy will also hold debriefing sessions with the church, neighbouring business, the local community and the police.

Following an occurrence necessitating the implementation of an emergency procedure, the following actions will be taken:

- A follow-up talk with staff members and pupils will be delivered by the principal.
- Support will be sought where necessary, for example, from counselling services
- Parents and other stakeholders will be informed via letter

- The response to the crisis will be evaluated and procedures amended where necessary
- The academy's Business Continuity Plan will be activated to help restore normality following an incident

11. Conducting practises

Practises of each emergency procedure will be conducted at least annually. Before a practise takes place, parents will be informed that this is happening.

During a practise, all pupils and staff will be expected to follow the relevant procedure. Any issues or concerns that arise from the practise will be considered by the principal and the security lead and changes will be made to procedures if necessary.

Consideration will be given to pupils with SEND when conducting practices. PEEPs will be followed and amended if practices highlight issues implementing these plans.

12. Monitoring and review

All of the procedures outlined in this policy will be tested at least annually.

This policy will be reviewed on an annual basis, or sooner if statutory guidance is released before the review date. The next scheduled review date is September 2026.

This policy will also be reviewed and evaluated following any incidents which require it to be activated.

The review will be conducted by the health and safety coordinator, in collaboration with the principal and the DSL.
